

# HERE'S WHY...

## SAFETY

- Safeguard occupants & workers
- Zero use of bleach & harsh chemicals
- Staff trained & supplied with PPE
- Control project site – restrict access
- Safe, sealed disposal of contaminated materials

### GPS COMMITMENT:

OUR NUMBER ONE PRIORITY IS THE SAFETY OF OUR CLIENTS, THEIR PROPERTY AND OUR EMPLOYEES.

## NOBODY BEATS OUR QUOTES!

GPS is the most competitive service provider in our industry. For equal services, GPS is consistently the low bidder while offering the best solutions and unequalled results. This combination is the driving force behind our continued success and market growth across the nation.

It's easy to make these statements, but GPS backs ours with substance:

**If any competitor tries to beat GPS on price, we'll match their estimate and give you a 5% incentive bonus - allowing you to choose the best to service your project.\***

*\*Competitors' quotes must detail the same project scope of work and utilize equipment, materials and treatment products equal to the high quality choices always found in GPS estimates.*

## PROTOCOL

- Water intrusion repair is always the first action
- Water removal – dry out follows
- Project space is contained and appropriate equipment is installed
- Damaged materials are removed, space is cleaned and HEPA vacuumed
- PureSpace® Treatment is applied
- Space is reconstructed
- Project site is returned to pre-event condition and cleaned for immediate occupancy

### GPS FACT:

OUR SERVICE TO OUR CLIENTS PROVIDES THE MOST EFFECTIVE PROCESS COMBINING SPEED OF SERVICE, UNEQUALED RESULTS, TREMENDOUS VALUE AND A TANGIBLE WARRANTY.

## RESULTS

- GPS provides complete services to ensure our client satisfaction
- Attention to detail for water removal, mold remediation & prevention and reconstruction all lead to consistently positive project results
- Fully trained teams with continuing education annually, the best equipment, the latest tools and state-of-the-art resources like thermal imaging cameras all mesh to deliver superior results

### GPS DELIVERS:

OUR HISTORY OF SUCCESSFUL PROJECTS AND OUR ESTEEMED CLIENT LIST BOTH SPEAK TO OUR ABILITY TO SOLVE MICROBIAL PROBLEMS TO OUR CUSTOMERS' SATISFACTION – THE MISSION OF OUR COMPANY.
